## ABOUT THE COMPANY

Mykulinskiy Brovar LLC is a company with a long history that produces beer using traditional technology and in accordance with the law on beer purity. In addition, the company produces mineral waters and soft drinks, expanding its product line every year. In particular, it has a craft production of whiskey, moonshine and various types of liqueurs. This is the only brewery in Ukraine that has been awarded a diploma and certificate of the European Business Assembly (Oxford) for high quality products in accordance with European standards. The plant's capacity is 1,700,000 decaliters of beer, 1,500 tons of malt per year, and 450,000 decaliters of soft drinks.

## PRODUCTS

22 types of beer in bottles and kegs, 14 flavors of non-alcoholic products.

## ABOUT THE COMPANY

DELTA FOOD company has been a manufacturer of mayonnaise, mayonnaise sauces, ketchups, mustard and sunflower oil since 2009. During its activity, it has become a leader in the production of mayonnaise and mayonnaise sauces in the PL category. It produces Private label products for leading international, national and local retail chains.

Since 2015, DELTA FOOD has been actively developing its own brand — TM Gulyai-pole, under which it produces mayonnaise and mayonnaise sauces of high quality and composition. To date, the product line has expanded due to the production of sunflower oil and mustard. In 2022, it successfully passed IFS and ISO certification at the company's production sites. The experience gained over the years is a good platform for further increasing production. In the near future, we plan to launch new positions under our own brand on the market.

## PRODUCTS

Mayonnaise, mayonnaise sauces, ketchups, mustard and sunflower oil brands "Oleos" and "Gulyai-pole".

# AGRO-INDUSTRIAL COMPLEX

## ABOUT THE COMPANY

"Lan-Oil Trade" PE is a Ukrainian producer of vegetable oils and meal. The products produced by the company are certified according to international quality standards — ISCC, HACCP, GMP+. Lan-Oil Trade production is based on four key workshops: oil extraction, extraction, meal granulation and husk granulation. These capacities allow processing 500 tons of sunflower, 400 tons of rapeseed and 300 tons of soybeans per day, ensuring a stable supply of high-quality products for the domestic market and export.

For uninterrupted delivery of products, Lan-Oil Trade has its own fleet of grain carriers and tanks. This allows us to quickly and efficiently transport both oils and meal produced at our production facilities. In addition, the plant is provided with access to the railway track, which allows us to ship products by tank cars. This logistics flexibility makes it possible to effectively provide products to both national and international partners.

## PRODUCTS

**Sunflower oil, rapeseed oil, sunflower meal, rapeseed meal, fuel granule (sunflower).**

## ABOUT THE COMPANY

Koza Dereza brand was born in 2008 as a continuation of the passion for Ukrainian history, culture and traditions embodied in unique products. This became the basis for creating an ethnographic workshop that brought together talented designers, artists and craftswomen.

In 2009, the first store opened in Ternopil. In 2012, the brand entered the all-Ukrainian market, and since 2014 it has been actively promoting its products abroad. Thanks to its participation in the International Exhibition Christmas World in Frankfurt, Koza Dereza products have gained recognition on the world stage.

Since 2016, the brand has participated in leading decor exhibitions such as Maison&Objet in Paris and TopDrawer in London. In 2017, branded stores opened in Lviv and Krakow. Today, Koza Dereza souvenirs can be found in 26 countries around the world.

Koza Dereza became the first Ukrainian brand to receive recognition from Messe Frankfurt experts and entered the Christmasworld trend zone, setting a new standard for Ukrainian manufacturers in the field of Christmas decor design. The products have an environmental certificate issued by the product certification body of the all-Ukrainian public organization "Living Planet".

**CONSTRUCTION INDUSTRY**

## ABOUT THE COMPANY

Berezhansky brick factory "Keramik" LLC is one of the largest manufacturers of ceramic blocks in Ukraine. After the renovation, the company resumed production in 2020, and in 2021 it already produced 60 million units of conditional bricks for the year.

The plant specializes in the production of large-format ceramic blocks, which are a relatively new product in Ukraine. However, the company's portfolio also includes a traditional double brick, or 2.12 block. The company has a well-developed infrastructure and is located in the geographical center of Western Ukraine, a large railway station and a network of roads operate nearby, which allows us to avoid logistics loading and quickly deliver products.

## PRODUCTS

**Blocks for external walls of 250, 250 cubic meters and 190 — for multi-storey buildings of monolithic frame type; block 100 and 80 — for inter-apartment partitions; block 380 and 2.12 - for cottage construction.**
